

# FELLOW OF BRITISH DISPENSING OPTICIANS (FBDO)

(R3/726/3/0053 A7981) 1/2028

Leading to a professional career as a licensed and registrable optician. Opticians are experts in eye care! They ensure the perfect fit for your glasses, check prescriptions, and help you see clearly. As trusted professionals, they play a key role in optical health.

# FELLOW OF BRITISH DISPENSING OPTICIANS (FBDO)

(R3/726/3/0053 A7981) 1/2028

## LEADING TO A PROFESSIONAL CAREER AS A LICENSED AND REGISTRABLE OPTICIAN.

Axismatics Professional Institute is the only institution in Malaysia offering the Fellow of British Dispensing Opticians (FBDO) program, your pathway to becoming a licensed optician. This globally recognized qualification is awarded by the UK's Association of British Dispensing Opticians (ABDO) and is officially accepted by the Malaysian Optical Council.

## WHY DO WE CHOOSE TO STUDY FBDO?

**Globally recognized!** This qualification opens door to becoming a licensed optician in Malaysia and earns respect worldwide.

**Eye care, we care!** Start an exciting career helping people see the world clearly. Our grads are skilled pros, ready to shine in the eye care industry.

**Step up your game!** This isn't just a certificate; it's your gateway to higher qualifications in vision sciences and optometry.

**Dream big, study bigger!** Thinking about a degree in Optometry? With the right steps, you'll unlock opportunities at top universities and take your career further.
